

Pamela White

Assistant to the President

“Our work is important to me because I would like to see all students succeed and go on to higher education, or some form of work that makes them successful. It’s a matter of all students to me, not just a few. I’m hopeful that we can do our part to make a difference.”

Pamela White joined the Nellie Mae Education Foundation in 1999.

From 1991 until 1999, Pamela served as an Executive Assistant for the Senior Vice President of Marketing and Sales for the Nellie Mae Corporation. There, she was a member of the Employee Leadership Council, which coordinated volunteer activities and projects for the Corporation.

Pamela attended Stone School of Business in New Haven, Connecticut and received a certificate for completion of the secretarial program.
