

Michael Carey

Director of Finance

“The overall mission of the Foundation is important to me. The idea that we’re supposed to be serving and helping to educate underserved populations is important to me. That’s the reason why I left another employer and came here.”

Michael Carey brings a strong background in financial management to his role in overseeing the Nellie Mae Education Foundation’s financial operations.

Prior to joining the Foundation in January 2000, Mike worked for four years as Accounting Manager for the Flatley Company’s commercial division. Before that, he spent 13 years working for various public accounting firms.

Mike holds a bachelor’s degree in accounting from Bentley College, and received his CPA license in 1990.
